# SUDIPTO DAS

**FULL STACK DEVELOPER**

sudiptodas8900@gmail.com | +880 1701-054096 | Khulna, Bangladesh

**Portfolio | LinkedIn | GitHub**

## PROFESSIONAL SUMMARY

Full-stack developer with a Computer Science & Engineering background and hands-on experience building web applications across e-commerce, appointment booking, ERP, and AI-assisted assessment. Skilled in frontend development, backend implementation, REST API integration, and relational databases using React, Next.js, TypeScript, Laravel, PHP, and SQL technologies. Experienced in individual and team-based projects, translating practical requirements into responsive application features and user workflows.

## TECHNICAL SKILLS

**Frontend Development:** HTML5, CSS3, JavaScript, TypeScript, React, Next.js, Tailwind CSS

**Backend & API Development:** PHP, Laravel, Inertia.js, REST API development, Laravel Sanctum

**Databases & ORM:** MySQL, PostgreSQL, SQLite, Supabase, Eloquent ORM

**Tools & Integrations:** Git, GitHub, VS Code, Vercel, Groq AI, AI API integration, Recharts

## SELECTED PROJECTS

### ERP Software

**Full-Stack Development**

*Technology: Next.js 16, React 19, TypeScript, Tailwind CSS 4, Laravel 12, PHP 8.2, SQLite/MySQL, Eloquent ORM, Laravel Sanctum, Recharts*

- Developed a full-stack ERP application with a Next.js and React frontend integrated with a Laravel 12 backend through REST API endpoints.
- Implemented database-backed application workflows using Eloquent ORM and SQLite/MySQL, with Laravel Sanctum supporting API authentication.
- Integrated Recharts for dashboard data visualization and deployed the frontend application through Vercel.

**Live Preview | GitHub**

### Mehedi By Meherin

**Full-Stack Development**

*Technology: Next.js, React, TypeScript, Supabase, Tailwind CSS*

- Developed an e-commerce and appointment-booking platform with a product catalogue, shopping cart, checkout, booking workflows, and an admin dashboard.
- Worked on customer-facing shopping and booking flows alongside admin-side product, order, and booking management.
- Implemented supporting customer and admin workflows using a modern React-based stack with Supabase integration.

### Quizora — AI-Based Smart Quiz System

**Team Leader & Backend Developer**

*Technology: Laravel 12, React 18, Inertia.js, MySQL, Groq AI*

- Led backend development for a team-built assessment platform, coordinating implementation of core application workflows.
- Integrated Groq AI to generate quiz questions from user-provided topics and PDF/PPTX learning materials.
- Contributed to timed quizzes, automatic scoring, role-based access, and course leaderboards.

## TECHNICAL CAPABILITIES

- Responsive frontend interfaces and interactive user experiences.
- Backend application logic, REST API development, and authentication workflows.
- Relational database integration, ORM-based persistence, and Supabase services.
- Full-stack project delivery, team collaboration, and Vercel deployment.

## SELECTED PROJECTS (CONTINUED)

### Personal Developer Portfolio

**Frontend Development**

*Technology: Next.js, React, TypeScript, Tailwind CSS*

- Designed and developed a multi-page developer portfolio presenting professional profile, skills, services, project case studies, education, certificates, and contact information.
- Implemented responsive navigation, light/dark theme switching, animated project cards, and interactive project previews.
- Added interactive certificate viewing and CV access to support a complete professional portfolio experience.

**Live Portfolio | GitHub**

### Internship Project Website

**Frontend Development**

*Technology:*

- Developed and deployed an internship project website, publishing the frontend for public access through Vercel.

**Live Preview | GitHub**

### Bangladesh Single Society

**Frontend Web Development**

*Technology: React, Vite, JavaScript, Tailwind CSS*

- Built an interactive web experience that allows users to generate personalized award crests, customize the result, and export it as a PNG image.
- Developed the user-facing interface and customization flow using React, Vite, JavaScript, and Tailwind CSS.

## EDUCATION

**B.Sc. in Computer Science & Engineering**

Northern University of Business & Technology Khulna

*CGPA: 3.67 / 4.00 | Coursework and examinations completed; thesis in progress; final result pending (expected November 2026)*

**Higher Secondary Certificate (HSC)**

Khan Jahan Ali College, Bagerhat

*GPA: 5.00 / 5.00*

**Secondary School Certificate (SSC)**

Bagerhat Govt. High School

*GPA: 4.56 / 5.00*

## PROFESSIONAL TRAINING

**Laravel 1-Month Industrial Training Program**

Appstick, Khulna

*1 February 2026 – 4 March 2026*
